2. Everyone is welcome in BiFem Escape, so long as they follow all the rules stated here. BFE is a chatroom for Bi/Lesbian women and friends both male and female; indeed, from any point on the spectrum of gender. This room is about helping others, making constructive connections and having fun.

Also prohibited are “fighting words”, as defined by the U.S. Supreme Court, is speech that “tends to incite an immediate breach of the peace” by provoking a fight.

7. Do not PM (private message) another chatter without requesting permission in the open room. If you do receive unwanted PMs (Private Messages), click the “Ignore” button on the PM box to prevent that chatter from contacting you. If the problem continues, please ask Marissa for assistance.

8. Do not use this room to harass people in other rooms. Chatters are not permitted to disparage other Delphi chat rooms while here.

9. Flirting is welcome, however, if it becomes explicit or continuous, to a point where it causes discomfort to others it is not welcome.

10. Teasing in amongst chatters may be fun and even welcome. Please keep this teasing to a friendly level. When teasing is no longer fun and welcome, please stop. We do not allow bashing and/or any other forms of blatant disrespect to chatters.

11. For your personal safety, please do not post email addresses or phone numbers or other personally identifying information in open chat.

12. Discussions of religion or politics, including campaigning, proselytizing, recruiting, or advocacy are often disruptive. Please take such discussions to PM (Private Message).

13. Please do not type in ALL CAPITAL LETTERS, it comes across as yelling and is otherwise annoying.

14. Please do not argue with chat room staff—their job is to keep things peaceful and conversation flowing. If you have issues with a staff member, discuss it with them in a civil fashion in PM, or contact the room owner.

15. Please do not discuss inter-personal matters in the open room. If you have an issue with another chatter, please take a deep breath, calm down, and discuss it with them in private. Do not bring staff or other chatters into the matter or air your issues in public. Drama is disruptive to chat and flat-out annoying. If it gets out of control, staff will ask you to take it elsewhere. Or else.
